

## **More About SUITE BAROCCO**

Most of my grade 2 and 3 solo and ensemble music was written for my students when I was teaching middle school band in Albuquerque. But I wrote this one quite a few years later for two grand-nieces, cousins who were both middle school flute students back home in the Dacks. One of them dropped the flute after high school, but the other continued all the way through college.

In its continuing life beyond my grand-nieces, **Suite Barocco** makes good concert - contest repertoire for second, or even third year students.
