

## **More About IN THE BEAUTY OF HOLINESS**

This modal SATB *a cappella* anthem is one of my personal favorites. I just wish it were about more popular subject!

The text is concerned with giving, and if your church has a "Pledge Sunday" or "Giving Sunday," when the congregation is urged to make or renew their yearly pledges, that is the ideal time to program this anthem. But it is also appropriate for Epiphany, and is general enough in its language and imagery that it can be used in any service where the subject of gifts and giving is addressed...or in just about any other service as an offertory anthem.
